Door Stop Alarm

What Is It?

Wedge shaped design prevents an intruder from entering your home or hotel room.

The Benefits:

The 125db alarm will scare away an intruder, alert those inside and summon help.
Portable door security for your peace of mind while traveling.
1 alarm for the front door and 1 alarm for the back door.
Prevents a door from opening and immediately activates an alarm.
No installation required.

Mum's Word: "This will scare of the intruders"

Diversion Safes

Put the odds in your favor...hide your valuables in plain sight!

What Is It?

A unique home-security product. We offer a variety of personal care, household products, food containers, beer cans, drink cans & book safes with removable tops and bottoms and weighted to feel full.

The Benefits:

Burglars spend an average of 8 minutes inside the home they're robbing, they just want to get in, steal what they can and get out as quickly as possible, they are looking for easy targets like your jewelry box, desk drawers etc. Valuables can be discreetly stored inside these decoy look-a-like containers and kept in their seemingly rightful places.

Mum's Word:

"how brilliant, this is a must, burglars will never look here"

Personal Defense Alarm

What Is It?

Personal defense alarm emitting a 130dB blast and flashing light.
To activate, remove pin from the top of the unit.

The Benefits:

Small button on side of unit allows strobe light to be used as a flashlight.
Free attachment allows Sportstrobe to be used as a door or window alarm.
Uses one 9 volt battery (not included).
Sportstrobe is 3 units in 1.

Mum's Word:

"the sound this personal alarm makes, if this doesn't scare the attacker then nothing will"

Bump Belt

A Brilliant, Must-have
for Pregnant Women

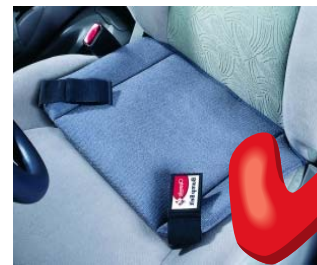

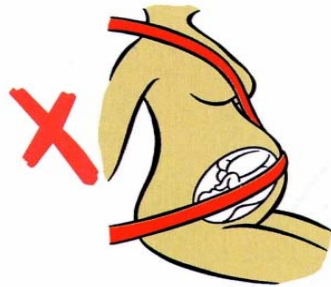

What Is It?

Protective Car Seat Belt for your pregnant bump.

The Benefits:

The high quality material means it won't wear out so it can be used for multiple pregnancies and borrowed by anyone else without problems.

Mum's Word: "if your pregnant give yourself a chance of not miscarriage if in a car accident"

Mum's Word: “brilliant, the kids cannot turn the hot taps and scald themselves”

Child Monitor

“To find a missing child”

**This Child Monitor
is a Breakthrough in Technology
Offering Parents Peace of Mind**

What Is It?

Have you ever been shopping with your child and you take a look at an item for just a second, then look back to see that your child has vanished? 1 second they're under your feet, **the next, VANISHED.**

The Benefits:

If you lose sight of your child, press the keychain transmitter and the teddy bear will chirp, alerting you of your child's whereabouts while at the same time drawing attention to the situation your child may be in.

Reliable and very easy to use, simply attach the teddy bear receiver to your child's shoe or belt. The teddy bear receiver delivers a loud 90db intermittent chirp/beeping sound that functions from over 150 feet away from the keychain transmitter.

Water, shock resistant with long life batteries installed.

Mum's Word: “peace of mind, I know where my daughter is all the time”
